ANNUAL INDEX

This index reflects material appearing in the 2003 issues of ***RN***. Articles are listed alphabetically under subject headings. Each entry gives the title, issue, and page number on which the article begins. Those with continuing education tests are marked with an asterisk. Articles from "Ethics in Action," "Legally Speaking," "Market Choices," and "Resource Review" are entered by subject.

AIDS

Ethics in Action: HIV patient wants "natural" therapy. Mar:27

ASSESSMENT

*Are you assessing for melanoma? Feb:36

Are you examining every child for signs of abuse? Feb:28ac4

*Beyond the shock of an abnormal Pap. June:56

*Defenses Gone Awry:
Inflammatory bowel disease. May:38
Lupus. Mar:54
Thyroid disease. June:38

Do you screen patients for substance abuse? Dec:26hf1

Is your pediatric patient a victim of bullying? May:30hf2

*Latex-safe periop care. Mar:30ac1

Legally Speaking:
Do you suspect child abuse? Sept:73
How to overcome a language barrier. Oct:67

Medical emergency:
Pulmonary embolism. Oct:26hf1
Stroke. Oct:26hf2

*Pulse oximetry in context. Sept:30ac1

Screening elderly patients for mental status changes. Nov:30hf2

*Weakening the grip of cluster headache. Sept:TNT14

*West Nile virus: Get ready for its return. Apr:56

When cocaine use triggers life-threatening cardiac events. Feb:28hf2

*When lymphedema takes hold. Sept:32

Would you recognize this syndrome? Reye's syndrome. Apr:49

CARDIOVASCULAR

*A new device for heart failure. Mar:32

*A PA catheter refresher course. Apr:28

*Cardiac bypass without the pump. Oct:28

*Coronary stenting—with a twist. Jan:32

*IABP therapy: Getting patients treatment fast. May:56

Medical emergency:
Pulmonary embolism. Oct:26hf1
Stroke. Oct:26hf2

New heart failure guidelines expand treatment options. Apr:26ac8

*PA catheters: What the waveforms reveal. Sept:56

Patient's Library: Diabetes and heart disease. May:ON8

Special Report: The latest hypertension guidelines. Aug:43

*Troubleshooting central lines. Dec:28

When cocaine use triggers life-threatening cardiac events. Feb:28hf2

CAREER DEVELOPMENT

Clinical research: It's rewarding work. Feb:42

My adventures as a camp nurse. Jan:43

COMPLEMENTARY THERAPIES

Ethics in Action: HIV patient wants "natural" therapy. Mar:27

Legally Speaking: Complementary therapies—they're not without risk. Jan:65

Making a place for CAM in the ICU. July:44

CRITICAL CARE

*A PA catheter refresher course. Apr:28

Averting a transport emergency. Apr:26hf6

*Cardiac bypass without the pump. Oct:28

*IABP therapy: Getting patients treatment fast. May:56

Making a place for CAM in the ICU. July:44

Medical emergency:
Pulmonary embolism. Oct:26hf1
Stroke. Oct:26hf2

*PA catheters: What the waveforms reveal. Sept:56

When cocaine use triggers life-threatening cardiac events. Feb:28hf2

DEATH

Becoming an advocate for terminally ill patients. Sept:30hf2

Ethics in Action: When should you suggest hospice? May:27

Keeping vigil. Apr:45

DERMATOLOGY

*Are you assessing for melanoma? Feb:36

*Defenses Gone Awry: Scleroderma. July:35

Staying safe from melanoma. Feb:39

DIABETES

Patient's Library: Diabetes and heart disease. May:ON8

DISEASE

*COPD: Managing flare-ups. Jan:TNT14

*Defenses Gone Awry:
Inflammatory bowel disease. May:38
Lupus. Mar:54
Multiple sclerosis. Apr:36
Primary biliary cirrhosis. Sept:38
Rheumatoid arthritis. Aug:46
Scleroderma. July:35
Thyroid disease. June:38

Legally Speaking: Should you volunteer for the smallpox vaccine? Apr:69

SARS:
One hospital's story. Aug:65
What have we learned? Aug:58

*Smallpox vaccine: The reality, the risk. July:52

*Superbugs—unmasking the threat. Mar:37

*West Nile virus: Get ready for its return. Apr:56

*What's wrong with this patient? POEMS syndrome. Nov:45

*When the liver fails: New help—and hope. Nov:32

*When to suspect this bone disorder. June:32

Would you recognize this syndrome? Reye's syndrome. Apr:49

DRUGS

*A new generation of contraceptives. Feb:54

Acute asthma: The importance of "controller" medication. Mar:30hf2

Legally Speaking:
Should you volunteer for the smallpox vaccine? Apr:69
The misuse of psychotropics in the elderly. Mar:67

*Medication errors: The bigger picture. Jan:52

New heart failure guidelines expand treatment options. Apr:26ac8

*Smallpox vaccine: The reality, the risk. July:52

Spotting drug use. Sept:48

*Thalidomide makes a comeback. May:32

*Weakening the grip of cluster headache. Sept:TNT14

*Women's Health:
Hormone replacement therapy. Dec:40
Osteoporosis. Nov:55

Would you recognize this syndrome? Reye's syndrome. Apr:49

EMERGENCY

Acute asthma: The importance of "controller" medication. Mar:30hf2

Are you examining every child for signs of abuse? Feb:28ac4

Averting a transport emergency. Apr:26hf6

*CPR when the patient's pregnant. Aug:34

Medical emergency:
Pulmonary embolism. Oct:26hf1
Stroke. Oct:26hf2

Number of EDs declines as patient load rises. Feb:28ac1

Spotting drug use. Sept:48

EQUIPMENT

*A PA catheter refresher course. Apr:28

*An endoscopic approach to GERD? Dec:56

Averting a transport emergency. Apr:26hf6

*Bedside tracheostomy: A step-by-step guide. Oct:41

*IABP therapy: Getting patients treatment fast. May:56

*Improve your suctioning technique. May:30ac2

Market Choices:
Bedside bathing products. June:65
Electrodes. Jan:61
Enteral feeding pumps. Aug:69
Face shields. Dec:63
Mechanical ventilators. July:63
Patient gowns. Apr:63
Specialty beds. Feb:65
Stethoscopes. Nov:67
Thermometers. Mar:63
Thermoregulatory systems. Sept:67
Wound dressings. Oct:63

*PA catheters: What the waveforms reveal. Sept:56

*Pulse oximetry in context. Sept:30ac1

Resource Review:
Pulse oximeters. Sept:30ac9
Safer needle devices. Nov:30ns12
Sterile latex-free gloves. Mar:30ac7
Tracheal suction catheters. May:30ac11

*Troubleshooting central lines. Dec:28

*When the liver fails: New help—and hope. Nov:32

ETHICS

*Caring for families of chronically ill kids. Feb:30

Ethics in Action:
Avoiding the power play. Nov:27
Cutting corners on patient ed? July:22
"Fess up" to patients? Sept:27
HIV patient wants "natural" therapy. Mar:27
When advocacy crosses the line. Jan:27
When should you suggest hospice? May:27

Keeping vigil. Apr:45

GASTRO-INTESTINAL SYSTEM

*An endoscopic approach to GERD? Dec:56

*Defenses Gone Awry:
Inflammatory bowel disease. May:38
Primary biliary cirrhosis. Sept:38

*Improve your suctioning technique. May:30ac2

Patient's Library: Colon screening. Jan:ON7

*When the liver fails: New help—and hope. Nov:32

GERIATRICS

Legally Speaking: The misuse of psychotropics in the elderly. Mar:67

Screening elderly patients for mental status changes. Nov:30hf2

Tips for teaching the elderly. May:48

*Women's Health: Osteoporosis. Nov:55

HOSPITALS

A team effort eased this hospital's bed shortage. June:30hf2

JCAHO shifts gears. Dec:51

*Latex-safe periop care. Mar:30ac1

Number of EDs declines as patient load rises. Feb:28ac1

INFECTIONS

*Don't underestimate group A strep. Aug:28

Patient's Library: Tattoos and body piercing. July:ON5

SARS:
One hospital's story. Aug:65
What have we learned? Aug:58

*Smallpox vaccine: The reality, the risk. July:52

*Superbugs—unmasking the threat. Mar:37

*West Nile virus: Get ready for its return. Apr:56

*Why nurses still get stuck. Nov:30ns2

LEGAL

Legally Speaking:
Complementary therapies—they're not without risk. Jan:65
Do you suspect child abuse? Sept:73
Does error + injury = negligence? May:67
Going up the chain of command. June:67
How to overcome a language barrier. Oct:67
Incident reports are a must. Nov:71
Ready? HIPAA's here. Feb:67
Should you volunteer for the smallpox vaccine? Apr:69
Staying safe when understaffed. Dec:67
The misuse of psychotropics in the elderly. Mar:67
The trouble with bending the rules. July:69

MANAGEMENT

Listening goes a long way in boosting nurses' morale. July:26hf2

Pairing quick-hire tactics with retention strategies. May:30hf10

Performance reviews: Doing them right. July:ON2

Turning around a problem staffer. May:ON2

NEEDLESTICKS

Resource Review: Safer needle devices. Nov:30ns12

*Why nurses still get stuck. Nov:30ns2

NEUROLOGY

*Defenses Gone Awry: Multiple sclerosis. Apr:36

Medical emergency: Stroke. Oct:26hf2

*Weakening the grip of cluster headache. Sept:TNT14

OBSTETRICS-GYNECOLOGY

*A new generation of contraceptives. Feb:54

*Beyond the shock of an abnormal Pap. June:56

*CPR when the patient's pregnant. Aug:34

*Is it morning sickness—or something worse? Oct:34

*Women's Health:
Hormone replacement therapy. Dec:40
Osteoporosis. Nov:55

OFFICE NURSING

Get your software into gear. Mar:ON2

How to improve in-office collections. Jan:ON2

Make your computer system HIPAA-safe. Sept:ON3

Office nurses make gains in salary & benefits. Nov:ON2

Performance reviews: Doing them right. July:ON2

Turning around a problem staffer. May:ON2

ONCOLOGY

*Are you assessing for melanoma? Feb:36

Ethics in Action: When should you suggest hospice? May:27

Staying safe from melanoma. Feb:39

*What's wrong with this patient? POEMS syndrome. Nov:45

*When kids get cancer. July:29

*When lymphedema takes hold. Sept:32

ORTHOPEDICS

*New meaning for safe sex. Jan:38

Safe sexual positions for hip surgery patients. Jan:41

*When to suspect this bone disorder. June:32

PAIN

*Defenses Gone Awry: Rheumatoid arthritis. Aug:46

*Weakening the grip of cluster headache. Sept:TNT14

*When lymphedema takes hold. Sept:32

PATIENT EDUCATION

Ethics in Action: Cutting corners on patient ed? July:22

New heart failure guidelines expand treatment options. Apr:26ac8

*New meaning for safe sex. Jan:38

Patient's Library:
Colon screening. Jan:ON7
Diabetes and heart disease. May:ON8
Insurance claims denied. Nov:ON6
Tattoos and body piercing. July:ON5

Safe sexual positions for hip surgery patients. Jan:41

Staying safe from melanoma. Feb:39

Taking patient ed to the next level. Dec:35

*Thalidomide makes a comeback. May:32

Tips for teaching the elderly. May:48

*When lymphedema takes hold. Sept:32

*Women's Health:
Hormone replacement therapy. Dec:40
Osteoporosis. Nov:55

PEDIATRICS

Are you examining every child for signs of abuse? Feb:28ac4

*Caring for families of chronically ill kids. Feb:30

Is your pediatric patient a victim of bullying? May:30hf2

Keeping vigil. Apr:45

Legally Speaking: Do you suspect child abuse? Sept:73

*When kids get cancer. July:29
Would you recognize this syndrome? Reye's syndrome. Apr:49

POETRY
Nurses' Verses:
Memories. May:48
Nurse's creed. Feb:51
Reflections of a private duty nurse. Nov:50
The invisible night staff. Jan:49
This old brick. Mar:49
Timeless valor. Oct:39
Vigil. Dec:39

PROCEDURES
*A new device for heart failure. Mar:32
*An endoscopic approach to GERD? Dec:56
*Bedside tracheostomy: A step-by-step guide. Oct:41
*Beyond the shock of an abnormal Pap. June:56
*Coronary stenting—with a twist. Jan:32
*Improve your suctioning technique. May:30ac2
Patient's Library: Colon screening. Jan:ON7
*Troubleshooting central lines. Dec:28
*When the liver fails: New help—and hope. Nov:32

PROFESSIONAL ISSUES
2003 Earnings Survey:
Shining the light on benefits. Nov:38
The outlook is bright. Oct:54
A quick guide to verbal reports. Feb:47
Are you scaring students away? July:48
Clinical research: It's rewarding work. Feb:42
Ethics in Action:
Avoiding the power play. Nov:27
When advocacy crosses the line. Jan:27
How to improve in-office collections. Jan:ON2
Injury-free lift program depends on teamwork. Aug:26hf2
It's not always about curing. June:45
JCAHO shifts gears. Dec:51
*Legally Speaking:
Does error + injury = negligence? May:67
Ready? HIPAA's here. Feb:67
Should you volunteer for the smallpox vaccine? Apr:69
The trouble with bending the rules. July:69
Listening goes a long way in boosting nurses' morale. July:26hf2
*Medication errors: The bigger picture. Jan:53
My adventures as a camp nurse. Jan:43
Number of EDs declines as patient load rises. Feb:28ac1
Nurse as patient:
My road to recovery. Oct:49
Unmet needs. Mar:45
Nurse, heal thyself. Jan:46
Office nurses make gains in salary & benefits. Nov:ON2
Pairing quick-hire tactics with retention strategies. May:30hf10
Performance reviews: Doing them right. July:ON2
Resource Review: Safer needle devices. Nov:30ns12
*Smallpox vaccine: The reality, the risk. July:52
Tomorrow's nurses need your help today. June:51
*Why nurses still get stuck. Nov:30ns2

PSYCHOLOGY
Caring for patients with self-inflicted injuries. Apr:26hf2
Legally Speaking: The misuse of psychotropics in the elderly. Mar:67
Screening elderly patients for mental status changes. Nov:30hf2

RESPIRATORY
Acute asthma: The importance of "controller" medication. Mar:30hf2
*Bedside tracheostomy: A step-by-step guide. Oct:41
*COPD: Managing flare-ups. Jan:TNT14
*Defenses Gone Awry: Scleroderma. July:35
*Improve your suctioning technique. May:30ac2
Market Choices: Mechanical ventilators. July:63
Medical emergency: Pulmonary embolism. Oct:26hf1
*Pulse oximetry in context. Sept:30ac1
Resource Review: Pulse oximeters. Sept:30ac9

SEX
*A new generation of contraceptives. Feb:54
*New meaning for safe sex. Jan:38
Safe sexual positions for hip surgery patients. Jan:41
When sexual assault complicates care. Sept:30nm2

STAFFING & SCHEDULING
Legally Speaking: Staying safe when understaffed. Dec:67
Pairing quick-hire tactics with retention strategies. May:30hf10

SUBSTANCE ABUSE
Do you screen for substance abuse? Dec:26hf1
Spotting drug use. Sept:48
When cocaine use triggers life-threatening cardiac events. Feb:28hf2

SURGERY
*A new device for heart failure. Mar:32
*Cardiac bypass without the pump. Oct:28
*Defenses Gone Awry: Inflammatory bowel disease. May:38
*Latex-safe periop care. Mar:30ac1

SURVEYS
2003 Earnings Survey:
Shining the light on benefits. Nov:38
The outlook is bright. Oct:54
Office nurses make gains in salary & benefits. Nov:ON2

WOUND CARE
Market Choices: Wound dressings. Oct:63
*Maximizing your pressure ulcer care. Mar:TNT16
